SINAI

DESERT PILGRIMAGE

Transformation in the Desert & Integration by the Sea.
Between the starry sky, the desert and the sea, we remember
who we really are.

RITUALS

Creating ceremonies together, receiving the medicine of the rose, experiencing shamanic spaces, reading texts and receiving transformative impulses.

ENERGY

Listening to the silence of the desert, allowing its powerful, ancient energy to flow through you and receiving, beneath the endless starry sky, whatever is waiting for you.

CONNECTION

Connecting with yourself, with one another, with the living land and with the Divine within you – and discovering together what emerges.

SURRENDER

Surrendering to grace and guidance, following the inner impulses together and opening to what carries you from within.

JOY OF LIFE

Integrating what you have experienced and carrying it into your life, anchoring it by the sea and celebrating life and your wholehearted yes to it.
